

LIONSGATE ACADEMY

904 ATHLETIC PARTICIPATION

Original Adoption Date: 11/20/2015

Revision Date(s):

Review Date(s): 12/05/2018, 5/4/2021

I. PURPOSE

To allow access, or athletic participation, to activities at non-charter public schools.

II. GENERAL STATEMENT OF POLICY

Lionsgate Academy may enter into a cooperative sponsorship agreement with a student's resident district in order for the student to participate in athletic activities not available at Lionsgate Academy. The Minnesota State High School League provides mandates for both the charter school and resident district. The student's resident district is not required to co-op with Lionsgate Academy. The Minnesota State High School League provides requirements in order for a student from Lionsgate Academy to participate in his/her resident district:

1. Lionsgate Academy must be a part of the Minnesota State High School League.
2. A student's resident district determines the location of the program the student may participate in.
3. The student must meet the athletic requirements of his/her home district.
4. The student must meet the attendance requirements of his/her home district's athletic department.
5. Cooperative sponsorship must be agreed to at least 30 days prior to the start of the student's athletic season.
6. The resident district determines fees for the charter school's participation and for student participation. The charter school and student are responsible for the participation fee and student athletic activity fee.
7. Lionsgate Academy must provide all necessary information to the high school.
8. Lionsgate Academy may be responsible for transportation to and from Lionsgate Academy, to practices and contests as determined by the student's IEP team.
